

State of Sjögren's 2023

Friday, 1/27/2023, 12pm – 2pm ET

The State of Sjögren's is an annual professional event presenting the most recent information and research about Sjögren's disease. This virtual event is open to all professionals working in the Sjögren's field and caring for Sjögren's patients. Providers from all specialties are welcome.

PROGRAM:

Foundation Welcome & Update – Janet Church, President & CEO (10 min)

Sjögren's Overview – Alan Baer, MD, Johns Hopkins University (20 min)

Dr. Baer will present where we are now and where we are going in Sjögren's. He will include the view of Sjögren's from each specialty, demonstrating the systemic nature of the disease and the need for multidisciplinary care.

Neurological involvement and impact to Sjögren's Patients - Panel (20 min)

Neurology – Brent Goodman, MD, Mayo Clinic, Moderator – ONE (1) SLIDE

GI – Lucinda Harris, MD, Mayo Clinic – ONE (1) SLIDE

Headache – Robert Fox, MD, PhD, Scripps - SIX (6) SLIDES

Pain, Fatigue, Sleep – Kate Hackett, PhD, Northumbria University – THREE (3) SLIDES

Questions/Comments – (5 min)

Research Update: Hot topics in Research
